

Wake Up Time...ETs & Angels

More Evolved Star Trek Civilization Coming

Multiple New York Times bestselling author David Wilcock, author Dr. Michael Salla, and others, have been vetting secret space program whistle blowers for decades. Multiple whistleblowers have each independently been saying basically the same thing – that secret space programs, extending into break away civilizations beyond government oversight, have had interaction with many advanced extraterrestrial groups and have developed advanced technologies that will eventually help humanity rapidly transition to a spiritually awakened, star trek type civilization, ending scarcity, and ending the “Babylonian money magic slave system” (The current centralized worldwide banking debt based economic system. See banking related links reverse side).

NASA and other insider evidence points towards solar system wide “global warming” and other energetic increases occurring as a result of a region of higher physical and metaphysical energy that our solar system has begun entering, which appears to represent an evolutionary cycle found in many ancient traditions and even in fossil records. These insiders also believe that dormant human abilities such as energy healing, telepathy, telekinesis, and teleportation will be increasingly developed by individuals, fully removing false materialistic and deterministic paradigms which have held mankind back from experiencing our spiritual identity and conscious co-creative power. The citizens of a post full disclosure, higher consciousness evolved society will be welcomed as full members of a wider galactic community (See especially the disclosure links reverse side).

Increasingly, many groups are pushing towards a rapid full disclosure of suppressed truths, which will include massive data dumps on the Internet with many hundreds of thousands of documents, audio and video files on multiple mirrored sites for everyone to have access to. There will be a collapse of much of the corporate media machine, and a 24/7 television and radio education campaign. Massive crimes against humanity will be exposed, and will likely send the bulk of society into shock for some time. Cabal groups are also pushing for a partial disclosure over the course of decades so that they can maintain their control, which is why we need to promote a full disclosure and stay informed of whistleblower testimony no matter how sensational it may seem at first.

Defectors from the secret space programs and corrupt government agencies have formed alliances which have been taking actions to end the control and slavery of Earth humans by the Cabal (The elites currently in control of Earth which also work with negative interdimensional entities which play a catalytic spiritual role for developing civilizations until the collective free will of societies choose to throw off their self-imposed slavery systems. See especially the Cabal links below.)

According to whistleblower Corey Goode, giant cloaked spheres have been placed throughout our solar system by extremely advanced spiritual beings which are moderating the waves of energy that our solar system has been moving through. These waves of energy are affecting Higher Vibration beings in positive ways, Lower Vibration beings will have to raise their vibration or eventually self-destruct and/or be relocated.

Full disclosure is not in any one group’s hands. As more secret information is released more people will become awakened as the information enters mass consciousness. The awakening population and their mass consciousness/co-creative abilities will determine when some of these events occur. The ongoing disclosure of this secret information needs to continue flowing at a high rate. The quicker this information spreads among the awakened and the awakening, the quicker full disclosure will happen with the power of mass consciousness, which we still do not fully understand.

We can expedite this transformative process by:

1. Recognize the needs of the natural environment, and of others.
2. Tune in to nature, your higher self, the Force, Holy Spirit, and any inner guides who teach love.
3. Become better informed yourself, and facilitate the flow of disclosed information to others.
4. Focus on becoming more service to others oriented.
5. Become more loving; raise your vibration and consciousness.
6. Share your unique gifts -- artist, orator, scientist, inventor, writer, psychic, etc. – and experience bliss in your life.
7. Forgive yourself and others.
8. Treat your body as a temple, change to a High Vibrational Diet.

1-8 above will raise the Vibration of the Planet, the Shared Consciousness of Humanity, and Change Humanity. Even if Full Disclosure was to never happen, and the wonderful technologies remained suppressed, imagine what a world we would live in if everyone made these changes in themselves.
